Please *read* the following section so that you can agree to and print out the "Agreement" page...

**** ==> but it's not necessary to print out the entire 'Rules and Regulations', provided submitter prints out and signs the 'Agreement Page' (below), and sends with submission.

RULES AND REGULATIONS:

Welcome to the 4th edition of CamboFest!

Send us your movie (2 copies) on DVD, region free, NTSC or PAL; you may also submit an 'additional' (not instead of, but in addition to) a Hi-Rez version, compressed with H.264 at Highest Quality or better format on a separate data disc (data-DVD)

Filmmaker submits with the understanding that, if movie is selected, we will screen in the actual festival environment from the submitted screener copy itself or digital file derived from same.

Due to logistical reasons, including generally effective (but sometimes slow) Khmer postal system and other factors, it's impractical for us to request a second, 'finished' version -

Therefore, please send only your finished, ready-to-screen movie

Please make sure that any disclaimers or logos, i.e. "Screening Copy Only", should be unobtrusive enough such that, if/when your film is selected, a festival audience will not be adversely affected.

For those filmmakers concerned about piracy in the region: please note that CamboFest adheres to diligent motion picture IP standards; we will not make your submitted content available to any third party - aside from actual live exhibition festival environment - without your permission.

In the event we must make your screener available to the Cambodian government for review, as may be necessary, we will seek your permission first and grant you the opportunity to prohibit further evaluation of your movie (via withdrawal from CamboFest) if this is not agreeable.

Screeners will not be returned. They will be securely archived or destroyed, at your request. Please be advised that we may want to consider your movie for later screenings or series, or to refer your movie to other local organizations, venues, or broadcasters with filmmaker's permission.

PUBLICITY

All selected films / videos may be excerpted for publicity purposes, up to 1 minute in length.

NOTIFICATION

Filmmakers will be notified by email if accepted into the festival.

**** Please make sure your email contact is up to date and valid - this is our primary means of communicating with participating filmmakers ****

Films accepted into CamboFest may be accompanied in programming materials by the contact information provided by entrant.

Filmmakers who do not wish to have their contact information, i.e., email address, publicly available should notify festival staff at info@cambofest.com within one month of notification of acceptance.

SHIPPING INFORMATION

Filmmaker assumes cost of materials sent to the festival.

Entries should be sent with the following declaration: "No commercial value--cultural purposes only" If a value is required for customs purposes, please put \$1 US Dollar, or other amount at your discretion. Entrants assume all responsibility for clearing DVDs through U.S. and/or foreign customs officials.

We are not responsible for submissions that may be lost in transit. (This occurs about 5% of the time when sent through standard post!), though of course you can re-send another screener without an additional entry fee.

CamboFest's policy is to remit actual viewing notes by email for every paid submission to the festival -- our review notes will also serve as confirmation that we've received your entry as well, though we will strive to contact submitting filmmakers as well to confirm arrival of submission.

SUBMISSION REQUIREMENTS

Each submission copy should include the following information: title, running time, filmmaker name, Tracking number(s), PayPal # (if any) and email address.

All submissions must be DVD region 1 or 0 or region-free; please make sure DVD is secured on its center spindle so it will not dislodge during transit.

CAMBOFEST Attn: J Rosette & Mr. Tol PO BOX 707 12000 Phnom Penh, Cambodia

Our intention is to exhibit your movie a user-friendly digital format.

Filmmaker submits with the understanding that that final exhibition will be from DVD, a file derived from that DVD, or a superior (optional) digital format supplied on an accompanying DVD data disc by filmmaker.

Cambodia's internet infrastructure does not currently allow for large files (i.e., big .mov and large .psd files) to be submitted online; pls kindly accept our limitations and submit these materials by standard post.

Please send promotional materials or press kits on an accompanying data DVD or CD with your actual submission - internet is limited in Cambodia, and we don't always have robust access to large online materials.

IMPORTANT: *Please do not send materials in fiber-filled envelopes as the dust can damage viewing equipment*

LANGUAGES

Titles produced in languages other than English must have English subtitles (as per international standard); movies in Khmer please submit either an English subtitled version or a direct English translation (transcript with timecode references).

RIGHTS AND CLEARANCES

Films must have all clearances and rights for public performance festival screenings.

By submitting via this form, submitter confirms that all necessary rights are secured, confirms that s/he is authorized to represent such rights as copyright holder or authorized representative, and furthermore holds CamboFest, its staff, venues, and affiliates harmless for any damages that may result due to lack of proper clearances.

By submitting, submitter authorizes CamboFest to screen the submitted movie (Title) in the public performance CamboFest film festival 'main event' setting and at ongoing affiliated CamboFest festival screening events.

Submitter furthermore warrants s/he has secured all necessary rights for festival exhibition purposes, and holds CamboFest, its founders, and staff harmless for any damages which may result from lack of proper clearances.
